

CEC Mini-Grant Application

The Suncoast Chapter 176 is awarding instructional grants for exceptional education educators. CEC member's grants will be considered first. If all of the money has not been allocated to fund member grants, non-member grants will be considered by the board. Applicants may be working in any type of school but must be providing direct services to students with disabilities. Apply for a \$250 mini-grant to put your innovative plans into action! The project director listed on the grant may be asked to make a presentation about the mini-grant project for CEC Suncoast Chapter 176 or other CEC activities.

Name of Applicant (Project director):

CEC Member #:
